1.93 Build 4 Release Notes

Replay Links

Some replay links for Irish courses did not work, fixed.

1.93 Build 3 Release Notes

TOTE Direct Betting Slip Links

We have now added direct links from a horse in a race to a betting slip on the Tote website from the race cards in Proform for Platinum members.

YORK (LH - Galloping) (Wednesday 15 May 2024)
15:45 Tattersalls Musidora Stakes (Fillies' Group 3) (Class A) (Class 1)
1m 2f 56y
Turf [New Class A / 1] (Speed Class Par: 76)

#	Draw	Draw IV	Form	Horse	User Rating 2	CIMv	Trav
3	7	0.98	1-1	 Friendly Soul		0	16
1	5	1.19	214-	Classical Song (IRE)		0	25
5	3	1.47	4-22	Mayfair (IRE)		-4	
6	2	1.40	61-3	Secret Satire		-1	21
4	4	0.98	18-	La Pasionaria		0	25
7	1	1.19	5-1	Sinology		-3	16
2	6	1.12	125-1	 Francophone		-2	4

You will see the Tote icon next to a horse's name in the race cards in dataview.

Click on a horse and **press T on your keyboard** and the tote website will open on the correct race and add the selected horse to the betting slip.

If you have requested Tote Pro Player access exclusive to Proform Platinum members then your Tote bets will be settled at API enhanced rates, read more on this below.

Proform v1.93 build.1,2, 3 & 4 Release Notes

The screenshot displays the Tote website's betting interface. At the top, there's a red navigation bar with the Tote logo and menu options like 'Racing', 'Sports', and 'Colossus'. Below this, a secondary navigation bar contains 'Races', 'Bet Types', 'Results', 'Promotions', and 'More'. The main content area is divided into two columns. The left column shows race details for York at 15:45, including the race name '1m 2f 56yd Tattersalls Musidora Stakes (Group 3) (Fillies) (Class 1)', race conditions 'Place: 1-2', 'Runners: 7', and 'Going: Good'. A table below lists the horses: 'Friendly Soul' (J K Shoemark, T J & T Gosden) with odds 1-1 and a win stake of £2.80; 'Classical Song' (J Rossa Ryan, T R M Beckett) with odds 21-4 and a win stake of £5.50; and 'Mayfair' (J R L Moore, T A P O'Brien) with odds 4-22 and a win stake of £8.00. The right column shows a betting slip for 'win/place' with a '1x £ Stake' field and a 'Log in to place bet' button.

TOTE Pro Player Access Exclusive to Proform Platinum Members

We have teamed up with the Tote to secure Proform Platinum members Enhanced Tote API prices when you bet with them.

We touched on this in the previous update, but you had to bet via a uploaded csv file, well now you can bet direct on the Tote's website and add a horse to a betting slip direct from Proform has explained above.

You will need a Tote Pro Player account setting up and WE will need to inform the Tote of your interest if you wish to receive the Exclusive Enhanced Tote Prices that Proform Platinum members are afforded!

To activate a Tote Pro Player account with the Tote please get in touch with us via the email address proformracing@gmail.com and provide us with your *tote account email address so the Tote can setup Pro Player access.*

More Info

Once you have the Tote ProPlayer function enabled, any bets placed using your Tote account online (or mobile web) can be settled at the API enhanced rates.

We had feedback to suggest API customers wanted a faster way to place their Tote bets. This solution means you can place bets in a simple fashion but still receive the enhanced dividend schedule. You simply log-in and bet.

Of course, the ProPlayer tool is still active and working. This remains a great option for larger perms and multilegs but you may prefer to use the Tote website for fast placement of win/place pool bets. Also easier to use from your mobile if out and about. Important to note that bets struck via the Tote app will not get the enhanced dividends – its web/mobile web only.

Proform v1.93 build.1,2, 3 & 4 Release Notes

As we continue to develop this option, there are a few points to raise if deciding to use this method of bet-placement.

When bets are struck, you will receive a receipt confirming the bet detail starting with 'Partner API' along with a ticket number. These bets won't show up in the open bets or settled bets box on the web page. You will find the detail of the bet in the racing bets history option in your account.

Placepot and Quadpot bets, similarly, won't appear and customers won't have the end-to-end journey of leg-by-leg confirmation of success or failure. Again, bets and leg selections will all be detailed in the racing bets history.

For the Win Pool, dividends shown on the web page are standard dividends with the SP guaranteed layered on top. API settlement does not include SP guarantee. Be aware that larger wagers into small pools may result in returns that are less than SP even with the dividend enhancement. We are working hard to get live API prices into later versions of this solution.

Finally, the bets do take a few seconds to place as they are getting rerouted to the API, so please be aware to allow enough time to get bets on.

We hope you find this update useful and try the new bet-placement option through your regular Tote account. If you have any questions or feedback on anything to do with Tote API, please get in touch.

1.93 Build 2 Release Notes

A few bug fixes.

1.93 Build 0 Release Notes

TOTE Enhanced Prices

We have partnered with the Tote, which means Proform Platinum members can bet with the Tote at enhanced prices!

Betting at enhanced Tote prices would hold value for those that face the Betfair premium charge and want to run systems / models that win at SP.

The Tote enhanced prices should make any marginal systems to BSP a lot more attractive.

There are also no restrictions or waiting to get bet filled as the dreaded bots move prices away from your order.

We have added Tote win, place, and exotics prices into Proform and you can run system builder queries and see profit/loss outputs for win and place Tote enhanced prices.

Tote Enhanced Prices Abbreviated Field Names

TEW is the **T**ote **E**nhanced **W**in price from the Tote.

TEP is the **T**ote **E**nhanced **P**lace price from the Tote.

TDIV is the **T**ote **D**IVidend flag, which signifies that this was a payout price from the tote.

We have used these three abbreviated field names everywhere we display Tote enhanced prices in Proform.

Where can you see the Tote enhanced prices?

When looking at a result in the dataview in the formbook you can see new field columns called TEW, TEP and TDIV. (NOTE: They will be initially added at the end of the columns but can be moved to any position)

Proform v1.93 build.1,2, 3 & 4 Release Notes

Scope of TOTE Data

TOTE Win and Place Enhanced Prices are available in Proform from 04/11/2023.

Additionally, also covered is Cheltenham 2023 (*NOTE: Place odds are missing for all races on the 16th March*)

We will be adding more past tote prices for big meetings and world pool meetings soon.

How to Bet and receive Tote Enhanced Prices

Proform customers who have a Tote account or create a Tote account can place bets initially through a Pro Player portal using csv files containing bets to be placed. It is a little complex at present, but the Tote are avidly working on a simplified solution for Proform customers.

To activate a Tote Pro Player account with the Tote please get in touch with your *tote account email address so the Tote can setup Pro Player access.*

Send it to us via the email proformracing@gmail.com

More information on the Tote Enhanced prices can be found on this link [Tote-API-Doc](#)

For details on how to place bets via the API use the [Pro Player Guide on this link.](#)
