Proform Upgrade

V1.93 build.3

LOGIN to the Proform Website

First task is to log into the Proform website.

You will receive a permission error trying to download the install file if you are not logged into the Proform website.

Proform Upgrade

V1.93 build.3

Check Your Proform Version

NOTE: If you are still using v1.91 then

DO NOT PROCEED

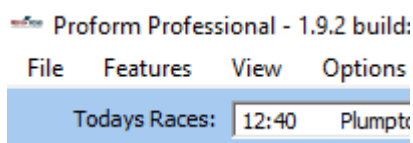

with any of the below.

Please get in touch with Simon at Proform using email proformracing@gmail.com

To find your Proform version number.

Run Proform and look in the top left corner of the title bar.

It should say v1.92 and the build should be either 1, 2, 3 or 4.

If you are on v1.92.build.1, build.2, build.3 or v1.92.build.4 then you CAN CONTINUE with these instructions.
